Dear Partners and Friends

Once again we thank each one of you for continued support in prayer and finance. The months are busy and filled with activity. We appreciate your prayer support. A number of folk have written telling us their church is praying for us, the countries we work and our responsibilities.

AUSTRALIA- CAIRNS UNITED PENTECOSTAL CHURCH

Cairns is in the state of Queensland. We are pastoring this church and it is wonderful to see a multi-cultural church! We have seen good growth and an excited group of people.

Below left is the senior Youth group. *Below right* are sisters from Korea and Malawi!

Unloading paper in readiness for printing on the **Regional Printing press** which is based here with us. We have recently printed materials for Papua New Guinea and Australia.

Papua New Guinea

A very busy month was spent here with our son Richard and Brother Nigel Ali from the International Church in Suva, Fiji. Our mission was to renovate the mission house and church office. This involved plumbing, electrical wiring, painting, building, laying floor tiles and setting up the church office with new computer software and a new printer/copier. Each day was extremely busy and we worked long hours. We often ate our meals late (which we had to cook ourselves due to the absence of our wives) . in the evening. A full story of this trip can be read with further photos on our web site www.carveronline.com

Br Nigel, as well as being a tremendous help in our labours, also came to preach the National Youth Conference. This event was held in Mendi, Southern Highlands with between 900-1000 present. The Youth leader reports 38 received the Holy Ghost, 28 baptised and 40 were miraculously healed.

We have a new website!

Check out www.carveronline.com for more information!
