PNG National Conference Easter 2006O

Once again this was held in the highlands of Goroka during the Easter week end. Guest speakers were *Rev Richard and Nancy Grandquist* from California. Other guests who attended were *Rev Trevor Elliott*, Cairns, Australia, our son *Richard J Carver* and *Sis Sheila Waddle*, Aimer in PNG.

Heavy rain preceded the first meeting on Friday, but this did not dampen any expectations and as we stood on the platform that evening we could see under the sea of umbrellas the faces of many thousands of people worshipping God. The next morning the sun shone brightly and the muddy ground soon dried out. The weather had been exceptionally wet for some time preceding the conference and we had made it a matter of special prayer for the weather to remain fine. Our prayers were answered on Saturday and it was not until Sunday evening when the conference was over, that there was further heavy rain.

The guests were welcomed Saturday morning with colourful leis and the conference crowd showed their excitement by applauding the visitors as they came to the platform.

Services on Saturday night and Sunday morning were greatly received by crowds of up to 8000 people. Brother Grandquist did a wonderful job in reaching the hearts of the people. Sister Grandquist ministered in song, testimony and spoke to the hearts of the women during the Ladies service. In total there were about 41 who received the Holy Spirit and a further 51 who were baptised in Jesus name over that week end.

The Pacific Regional printing has been hard at work writing, designing and printing tracts. Below you see the printer (left), tracts ready for folding on the machine (center) and some of the boxes ready to be shipped (right). Over 50,000 tracts were printed and shipped to Papua New Guinea recently.

Our
furlough begins
In September in California.

Below are our travel plans until December.

Western—Sept 12-Oct 8

Texico Oct 10-15

Oklahoma Oct 17– 29

Louisiana Oct 31– Nov 26

Mississippi Nov 28– Dec 10

Tennessee Dec 12– 15
