## NATIONAL SUNDAY SCHOOL CONFERENCE Papua New Guinea October 2006

The children of Papua New Guinea are so beautiful. They are all very friendly, and full of smiles. They love to praise and worship God, and they know how to pray! They had come from all over Papua New Guinea, many of them travelling for hours over dangerous roads in buses and four-wheel drives. Some of the musicians were even held up and robbed on the way to the conference.

God is faithful though, and all who came to the conference left with a blessing from God.

The total number at the conference was estimated to be 700 people. There were so many that they resorted to looking through the windows. By the end of the conference 55 children had received the Holy Ghost and 20 expressed a desire to be baptised in Jesus name.

During the conference the children were blessed to have Brother Anthony dress up as a clown. The conference ran from the Friday evening to the Sunday morning, with services on the Friday night, Saturday night and Sunday morning. They also had a music, song and drama competition on the Saturday morning, and held the Bible Quizzing finals on the Saturday afternoon. What a blessing to see children who study and know the word of God.

*Reported by guests speakers Anthony Gates and Scott Jones, Australia*
