

Australia/Papua New Guinea

Newsletter for Foreign Missions Division *Fourth Quarter 2008*

Our journey this time took us to the capital city Port Moresby for the **National Ladies Conference**. We were delighted to have as our guests **Brother and Sister Paitadra from Fiji**. We had worked together with them for many years in Fiji and we felt they would be a great blessing to the church in PNG. The Ladies Conference was held in a large tent in the grounds of one of our churches in Port Moresby. On the first night over 700 women gathered in the tent for a wonderful opening service. However by Saturday the crowd swelled to about 1000. The ladies sang and worshipped, danced and prayed. Many good Bible based dramas were enacted by various regions, as well as lovely choirs and special items. While the ladies gathered in the tent, the men from local churches met in Erima church where Br Pai ministered and taught powerfully. Br Carver was the translator for Br Pai and it reminded us of the many years where the two men worked together. At that time Br Pai was the translator for Br Carver!

We said farewell to our son and his family as they returned to Papua New Guinea after Andreas thyroid operation. Special thank you to all who are helping them. Their AIM account is #707
