BIBLE SCHOOL

As this year closes and a new year is before us we are excited to see all the Lord has done in the country of Papua New Guinea. Good things are to come for the Bible School. The group in the photo are some of those who did the Teacher training program. These trainees are from one area only. There were others who also completed the course. Now they will be ready to assist in teaching in the school around the country.

To the left of the picture is Brother and Sister Paitadra from Fiji who are here to help us with the school. They have already travelled to the Western Region for seminars.

NEW CHURCHES

Land to build a church was purchased in the town of **Alotau**. The money was raised by various local churches and our National Secretary travelled with his wife to the region for the purchase. A pastor and over thirty congregation are the result of crusade efforts by the Missions department. Another church will be opening early next year in the **Sepik region** from the same manner.

A young man and his family have gone to the remote area of **Daru** to begin a church. He is the son of one of the first men to be baptised in 1974. Read more about this at this link <http://www.carversonline.com/png/2011/daru.php>

YOUTH LEADERS TRAINING

Over 70 youth leaders from around the country attended a wonderful seminar where many subjects were taught. Read all about this event by following the link below

Thank you to all who have so faithfully supported and prayed for us during this year. Your cards, emails and web contact are also encouraging.

**Thank you to those who have prayed for us and our family in Papua New Guinea. There have been some very difficult times in 2011 and we were all upheld by your prayers
NEW YEAR GREETINGS TO ALL**
